## Expectations:

Teacher: I, Mrs. Broderick, will make my behavior expectations clear to students by posting my rules in the classroom. I will stay consistent with all students and make their consequence clear. I will also stay in contact with parents as to why their child received a yellow, blue or red on a daily basis.

Parents: I will check and initial my child's behavior chart daily. If my child is on yellow, blue, or red I will discuss with my child what they can do differently in school.

Student: I will follow classroom and school rules at all times. I will mark my behavior chart daily with the correct color I earned. I will try my best to perform to the best of my ability in class and be a great example to my fellow classmates. If I do not do this, then I will accept my consequences as stated above.
